SUMMARY

Growth Product Manager and founder with experience growing consumer products and building a business from zero. Led supply-side growth at Krisha.kz and built Anglokit, an English coaching business, growing ARR from $10K to $118.8K and serving 300+ paying customers across 8 countries.

EXPERIENCE

Kolesa Group | Krisha.kz | Almaty, Kazakhstan
Product Manager Jan 2026 – Oct 2026

Kazakhstan's largest real estate marketplace, with 6M MAU. Owned supply-side growth strategy and active-lister metrics; led product work across a 26-person cross-functional team from discovery through launch and measurement.

- Met active-lister targets in both **Q2 and Q3 2026**, ending more than 2.5 years of missed quarterly targets. Retention and reactivation initiatives added **~8K listers** and an estimated $50K in monthly impact.
- Increased conversion from automated calls to listing renewals by 6.9%, generating **~4K additional renewals** per month, by A/B testing a more natural voice recording.
- Added **~3.2K active listers** per month: increased successful listing restorations by 3.2% through optimized call timing and reactivation conversion by 4.3% through in-app restoration prompts, measured in separate A/B tests.
- Reduced spam messages per user by **38.8%** and the share of users sending spam by 26.4% through ML-based image spam detection and automated blocking.
- Launched a cultural heritage map initiative in 6 weeks, adding 105 landmarks, with 79.6K users opening landmark cards.
